

Revisions to Montrose Pit site plans- December 9, 2009

Revisions to Montrose Pit site plans- April 28, 2010

Site Environs (Dwg1of6)

- Revised limit of extraction

Existing Features Plan (Dwg2of6)

- Legend -surveyed wetland boundary
-GRCA flood line
-DP info
- Updated groundwater info in note #6
- Updated extraction/ rehabilitation area in note #9
- Revised limit of extraction/ setback (in Area 2 and Area 8)
- Added surveyed wetland boundary
- Added GRCA flood line (Feb 2009)
- Added DP#5 and DP#6
- Added label to identify start and end of surveyed wetland

Operational Plan Phase A, B and C (Dwg3of6)

- Legend -surveyed wetland boundary
-GRCA flood line
-TP, DP, BH info
- Revised note #11
- Updated groundwater info in note #12
- Updated note #16
- Revised note #17
- Updated extraction area in note #18
- Revised note #20
- Removed Section lines from plan
- Revised limit of extraction/ setback (in Area 2 and Area 8)
- Added surveyed wetland boundary
- Added label to identify start and end of surveyed wetland
- Added GRCA flood line (Feb 2009)
- Added DP#5 and DP#6
- Revised Area 2, Area 3 and Area 8 outlines
- Revised berm in Area 1 (Phase A, B and C)
- Updated TOB elevation in Area 1 –Phase C
- Revised berm in Area 2
- Revised internal haul road (Phases A, B and C)
- Revised Phase C note #2
- Added note “attention drivers” to Phase A plan
- Revised acoustical berm in northwest corner of Area 1 (all phases)
- Revised location of scale and scalehouse/ haul road into Area 1 (all phases)
- Added acoustical berm at south end between Area 1 and Area 3 (all phases)
- Added visual berm at north end between Area 1 and Area 3 (all phases)
- Revised Area 6, Area 7 and Area 8 outlines (all phases)
- Revised Phase A note #4, #6

- Added new Phase A note #7 (renumbered original notes #7, #8 and #9)
- Revised Phase B note #2
- Revised Phase C note #1

Operational Plan Phase D-I (Dwg4of6)

- Legend -surveyed wetland boundary
- Updated Traffic Impact Study report date in recommendations
- Updated Hydrogeological Assessment recommendations
- Revised limit of extraction/ setback (in Area 2 and Area 8)
- Added surveyed wetland boundary
- Revised Area 2, Area 3 and Area 8 outlines
- Revised berm in Area 1 (Phase D, E and F)
- Updated TOB elevation in Area 1 –Phase F
- Remove berm in Area 2
- Added proposed planting in Area 2 in Phase D, E and F
- Revised internal haul road (Phases D, E and F)
- Revised acoustical berm in northwest corner of Area 1 (all phases)
- Revised location of scale and scalehouse/ haul road into Area 1 (all phases)
- Added acoustical berm at south end between Area 1 and Area 3 (all phases)
- Added visual berm at north end between Area 1 and Area 3 (all phases)
- Added acoustical berm along south perimeter of Area 5 (Phase F)
- Added visual berm adjacent to west side of Letson Road to Area 5 (Phase E)
- Added visual berm adjacent to east side of Letson Road in Area 6, Area 7 and Area 8 (Phase F)
- Revised Area 6, Area 7 and Area 8 outlines (all phases)
- Show extraction beginning in Area 7 (Phase F)- remove extraction from Area 6
- Added acoustical berm along south perimeter of Area 6 and Area 7 (Phase F)
- Revised Phase D note #1
- Added new Phase D note #3
- Revised Phase E note #1
- Added new Phase E note #2 (renumbered original notes #2, #3, #4, #5 and #6)
- Revised Phase F notes #1-4
- Revised Phase G notes #1-5 (removed note #6)
- Revised Phase H notes #1-4 (added notes #5-7)
- Revised Phase I notes #1-3 (added note #4)
- Added new Hydrogeological Assessment Technical Recommendations
- Added new Noise Assessment Technical Recommendations

Sections and Details (Dwg5of6)

- Legend -surveyed wetland boundary
-GRCA flood line
- Revised note #1
- Updated groundwater info in note #3
- Revised “existing trail” references to “existing farmers laneway” (all Sections)
- Added limit of extraction- Section B-B’
- Revised “existing house” reference to “existing barn” (Section B-B’)
- Revised limit of extraction- Section C-C’
