Permit means permission or authorization given in writing from the Chief Building Official to perform work, to change the use of a building or part thereof, or to occupy a building or part thereof, as regulated by the Act and the Building Code.

Sewage System means a sewage system as defined in Subsection 1(1) of the Act.

Work means construction or demolition of a building or part thereof, as the case may be.

1.2 Word/Term Not Defined

Any word or term, not defined in this By-law, that is defined in the Act or Building Code shall have the meaning ascribed to it in the Act or the Building Code.

Part 2 CLASSES OF PERMITS

2.1 Set out

Classes of permits, with respect to construction, demolition and change of use of buildings and permit fees shall be set out in Schedule A of the by-law.

Part 3 PERMITS

3.1 File application

To obtain a permit, the owner or an agent authorized in writing by the owner shall file an application in writing by completing a prescribed form available from the Chief Building Official or from the Building Code web site (<http://www.obc.mah.gov.on.ca>). Additional application forms prescribed by the Township under clause 7(f) of the Act are set out in Schedule C of this by-law.

3.2 Information submitted to Chief Building Official

Every application for a permit shall be submitted to the Chief Building Official, and contain the following information:

- (1) Where an application is made for a construction permit under Subsection 8(1) of the Act, the application shall:
 - a. Use the provincial application form, “Application for a Permit to Construct or Demolish”;
 - b. Include complete plans and specifications, documents and other information as required by Article 2.4.1.1B of the Building Code and as described in Schedule D of this by-law for the work to be covered by the permit;
 - c. Include completed form as set out in Schedule E to this by-law, where applicable; and
 - d. Include, where applicable, the registration number of the builder or vendor as provided in the Ontario New Home Warranties Plan Act, R.S.O. 1990, c.0.31 as amended.

- (2) Where an application is made for a demolition permit under subsection 8(1) of the Act, the application shall:
 - a. use the provincial application form “Application for a Permit to Construct or Demolish”;
 - b. include complete plans and specifications, documents and other information as required by Article 2.4.1.1B of the Building Code and as described in Schedule D of this by-law for the work to be covered by the permit;
 - c. include proof satisfactory to the Chief Building Official that arrangements have been made with the proper authorities for the cutting off and plugging of all water, sewer, gas, electric, telephone or other utilities and services.

- (3) Where application is made for a conditional permit under subsection 8(3) of the Act, the application shall:

- a. Use the provincial application, "Application for a Permit to Construct or Demolish";
 - b. Include complete plans and specifications, documents and other information as required by Article 2.4.1.1B of the Building Code and as described in Schedule D of this by-law for the work to be covered by the permit; and additional information, including but not limited to, information supporting compliance with zoning and interim control by-laws, and the feasibility and cost of returning the site to its original condition;
 - c. State the reasons why the applicant believes that unreasonable delays in construction would occur if a conditional permit is not granted;
 - d. State the necessary approvals which must be obtained in respect of the proposed building and the time in which such approvals will be obtained;
 - e. State the time in which plans and specifications of the complete building will be filed with the Chief Building official; and
 - f. Be accompanied with a completed Conditional Permit Agreement and security deposit as prescribed by the Chief Building official.
- (4) Where application is made for a change of use permit issued under subsection 10(1) of the Act, the application shall:
- a. Use the prescribed form in Schedule C of this by-law;
 - b. Describe the building in which the occupancy is to be changed, with a description that will readily identify and locate the building;
 - c. Identify and describe in detail the current and proposed occupancies of the building or part of a building for which the application is made; and
 - d. Include complete plans and specifications showing the current and proposed occupancy of all parts of the building, and which contain sufficient information to establish compliance with the requirements of the Building Code, including floor plans, details of wall, ceiling and roof assemblies, identifying required fire resistance ratings and load bearing capacities, and details of the existing sewage system, if any.
- (5) Where application is made for a sewage system permit issued under subsection 8(1) of the Act, the application shall:
- a. Use the provincial application, "Application for a Permit to Construct or Demolish", and
 - b. Include complete plans and specifications, documents and other information as required under Article 2.4.1.1B of the Building Code and as described in Schedule D of this by-law for the work to be covered by the permit.
- (6) Where application is made for a transfer of permit because of a change of ownership of the land, as permitted under clause 7(h) of the Act, the application shall:
- a. Use the prescribed form in schedule C of this by-law;
 - b. Provide the names and addresses of the previous and new owner,
 - c. Provide the date that the land ownership change took place;
 - d. Describe the permit that is being transferred.

3.3 Partial Permit Requirements

When, in order to expedite work, approval of a portion of the building or project is desired prior to the issuance of a permit for the complete building or project,

- a. an application shall be made and all applicable fees associated with the scope of the partial permit, as well as for the complete project, shall be paid;
- b. complete plans and specifications covering the portion of the work for which immediate approval is desired shall be filed with the Chief Building Official; and
- c. where a partial permit is requested the full building or project application is deemed to be incomplete.

3.4 Partial Permit Limitations

Where a permit is issued for part of a building or project, this shall not be construed to authorize construction beyond the plans for which approval was given nor that approval will necessarily be granted for the entire building or project.

3.5 Inactive Permit Application

Where an application for a permit remains incomplete or inactive for six months after it is made, the application may be deemed by the Chief Building Official to have been abandoned and notice thereof shall be given to the applicant. If an application is deemed to be abandoned, a new application must be filed for the proposed work.

Part 4 PLANS AND SPECIFICATIONS

4.1 Information Sufficient to Determine Conformity

Sufficient information shall be submitted with each application for a permit to enable the Chief Building official to determine whether or not the proposed construction, demolition, change of use or transfer of permit will conform with the Act, the Building Code and any other applicable law.

4.2 Two Complete Sets Required Unless Specified

Each application shall, unless otherwise specified by the Chief Building Official, be accompanied by two complete sets of the plans and specifications as described in Schedule D of this by-law.

4.3 Plans Drawn to Scale on Durable Material

Plans shall be drawn to scale (min. 1:75 or 3/16"=1") on paper, electronic media approved by the Township or other durable material and shall be legible.

4.4 Site Plans Referenced to Plan of Survey

Site plans shall be referenced to an up-to-date plan of survey and, when required to demonstrate compliance with the Act the Building Code or other applicable law, a copy of the survey shall be submitted to the Chief Building Official.

4.5 As Constructed Plans

On completion of the construction of a building, the Chief Building Official may require a set of as constructed plans, including a plan of survey showing the location of the building.

4.6 Changes to Plans

After issuance of a permit under the Act, notice of any material change to a plan, specification, document or other information on the basis of which a permit was issued, must be given in writing, to the Chief Building Official together with the details of such change which is not to be made without his or her written authorization.

4.7 Equivalentents

Where an application for a permit or for authorization to make a material change to a plan, specification, document or other information on the basis of which a permit was issued, contains equivalent materials, techniques and systems for which authorization under Section 9 of the Act is requested, the following information shall be provided:

- (1) use of equivalent application form as described in Schedule C, with all applicable fields completed;
- (2) a description of the proposed material, system or building design for which authorization under section 9 of the Act is requested;
- (3) any applicable provisions of the Building Code;
- (4) Evidence that the proposed material, system or building design will provide the level of performance required by the Building Code; and
- (5) Include the required fee as set out in Schedule A of this by-law.

4.8 Plans – Property of Township

Plans and specifications furnished according to this by-law or otherwise required by the Act become the property of the Township and will be disposed of or retained in accordance with relevant legislation.

Part 5 FEES AND REFUNDS

5.1 Due and Payable Upon Application

- 1) The Chief Building Official shall determine the required fees for the work proposed, calculated in accordance with Schedule A of this by-law, and where the fees payable are based on the prescribed value of the proposed work, the prescribed value of the proposed work shall mean the total cost of all work regulated by the permit, including the cost of all material, labour, equipment, overhead and professional and related services, but does not include the cost of the land.
- 2) The applicant shall pay the required fees upon application and no permit shall be issued until the fees, therefore, have been paid in full.
- 3) Where the Chief Building Official has determined that the prescribed value to construct a building has been underestimated, the Chief Building Official will recalculate the permit fee to the revised prescribed value and the adjustment to the permit fee will be collected when the building permit is issued.

5.2 Work Without Permit

Any person or Corporation who commences construction, demolition or changes the use of a building before submitting an application for a permit or receiving a permit, may, at the discretion of the Chief Building Official, be subject to all fines and penalties imposed under the Act.

5.3 Refunds

In the case of withdrawal of an application, or the abandonment of all or a portion of the work, or refusal of a permit, or the non-commencement of any project, the Chief Building Official shall determine the amount of paid permit fees that may be refunded to the applicant, if any, in accordance with Schedule B of this by-law.

5.4 Revocation of Permit

There shall be no refund of permit fees where a permit has been revoked under 8(10)(a) or 8(10)(f) of the Act.

Part 6 TRANSFER OF PERMITS

6.1 Application Completed by New Owner

A permit may be transferred if the new land owner completes the permit application form in accordance with the requirements of Part 3 of this by-law.

6.2 Fee for Transfer of Permit

A fee shall be payable on an application for a transfer of permit as provided in Schedule A of this by-law.

6.3 New Owner Permit Holder Upon Transfer

The new owner shall, upon a transfer of a permit, be the permit holder for the purpose of the Act and the Building.

Part 7 REVOCATION OF PERMITS

7.1 Notice of Revocation

Prior to revoking a permit under subsection 8(10) of the Act, the Chief Building Official may serve a notice by personal service or registered mail at the last known address to the permit holder, and following a thirty (30) day period from the date of service the Chief Building Official may revoke the permit, if grounds to revoke still exist, without any further notice and all submitted plans and other information may be disposed of.

7.2 Deferral of Revocation

A permit holder may within thirty (30) days from the date of service of a notice under this Part, request in writing the Chief Building Official to defer the revocation by stating reasons why the permit should not be revoked. The chief Building Official having regard to any changes to the Act, Building Code or other applicable law may allow the deferral, in writing.

7.3 Fee for Deferral of Revocation

A request for deferral shall be accompanied by the non-refundable fee therefore set out in Schedule A of this by-law.

7.4 Reduction of Refund

A request for deferral of revocation is subject to an additional 5% refund reduction in accordance with section (1)e) of Schedule B of this by-law when a permit is subsequently revoked.

Part 8 NOTICE REQUIREMENTS FOR INSPECTIONS

8.1 Notice Prior to Each Stage

The permit holder shall notify the Chief Building Official of each stage of construction for which a mandatory notice is required under Article 2.4.5.1 of the Building Code and for additional notices as permitted under 2.4.5.2. of the Building Code as set out in Schedule F of this by-law. In addition, the permit holder shall provide the notice of completion as prescribed by Section 11 of the Act, or where occupancy is required prior to completion, notice of inspection to ensure that the requirements of Section 11 of the Act and subsection 2.4.3 of the building Code are complied with.

8.2 Effective When Received by Chief Building Official

A notice pursuant to this Part of the By-law is not effective until notice is actually received by the Chief Building Official.

8.3 Time Period – Inspections

Upon receipt of proper notice, the inspector shall undertake a site inspection of the building to which the notices relate in accordance with the time periods stated in Article 2.4.5.3 of the building Code and Section 11 of the Act.

Part 9

CODE OF CONDUCT

9.1 Code of Conduct for Building Officials

The Code of Conduct and associated policies, as required under Section 7.1 of the Act, are set out in Schedule G of this by-law.

Part 10

FENCING

10.1 Requirements for Construction Sites

- 1) In addition to the requirements pertaining to Public Way Protection as set out in the Construction project regulations under the Occupational Health and Safety Act, the permit holder shall comply, and shall not cause or permit the builder or constructor under the permit to fail to comply with the provisions of this section.
- 2) Where a permit is issued on or after the date of enactment of this by-law, fencing sufficient to enclose the site of construction shall be maintained or erected and maintained, in compliance with the requirements of this section.
- 3) Every fence required under this section shall be a minimum 1.2 metres and a maximum of 1.8 metres in height, as measured from the highest adjacent grade.
- 4) Every fence required under this section shall be located on the perimeter of the construction site as determined by the Chief building Official and constructed as follows:
 - a. If of chain link construction, a minimum 38mm diamond mesh chain link securely fastened to at least 38mm diameter metal tube or pipe or the same thickness T-bar posts. Such metal posts shall not be more than 3.04m on centre and embedded into the ground, providing a secure and rigid support.
 - b. If of wood construction, the exterior face shall be at least 12.7mm thick exterior-grade plywood, particle board or equivalent material constructed so as not to provide footholds for climbing. The fencing shall be supported by at least 38mm wide by 89mm thick posts spaced at not greater than 2.43m on centre and embedded into the ground, providing a secure and rigid support.

- c. If the fence is of snow fence or heavy gag plastic mesh type, the fencing shall be securely fastened to T-bar posts at not greater than 2.43m on centre and embedded into the ground, providing a secure and rigid support, and that a 38mm x 89mm top rail be secured to the posts and fencing secured to 38mm x 89mm rail.
 - d. Other materials or methods may be substituted, provided that there is an equivalent barrier between properties and an equivalent degree of safety and support provided.
 - e. The use of barbed wire and razor wire are prohibited.
- 5) The fence may be provided with openings sufficient to accommodate construction vehicles, machines and any other equipment providing services to the construction site provided that these openings are closed off when no construction is being carried out on site, including daily shut-downs.
