Sidewalk Repair & Replacement Construction Notification

General Info

The Township of Woolwich has called for tenders for the repair of sidewalk at various locations across the Township. Autoform Contracting London Ltd. has been obtained for the 2020 Sidewalk Repair and Replacement program. Duration of the work for this project will be between June 11th, 2020 and July 13th, 2020, weather permitting.

A repair location has been identified in front of your residence for this repair and replacement work.

If your driveway entrance is affected by this work, it may not be accessible to you while it is being completed. The contractor will inform the residents that will have access directly affected by the construction.

We apologize for any inconvenience this may cause, but do appreciate your understanding and cooperation for us to carry out such repair work in order to provide safer sidewalks for all users.

Site Safety

Ministry of Labour regulations will be adhered to during this repair work and the contractor will ensure site safety. The Township also requests the cooperation of parents to help ensure the safety of their children during the repair work. Children should not play around the repair locations. Motorists are asked to please be patient and drive safely around personnel and equipment.

Parking

Residents are asked that while the replacement works are occurring to please avoid on-street parking near the project limits. For those who have work through their driveway, municipal By-law Enforcement will be notified of the dates of construction, and will not be enforcing the overnight on street parking during the driveway disruption.
Garbage and Recycling Collection

On garbage collection day, please put your garbage and recycling containers in your front yard as usual. If necessary the contractor staff will coordinate garbage collection thru the Region of Waterloo.

Trees

The contractor will make every effort to protect the trees that are within the project area. Rehabilitation will be done for all trees disturbed by construction.

Hours of Work

Work will generally occur Monday to Friday between 7:00 a.m. and 7:00 p.m. There may however, potentially be times when the Contractor may be required to work on Saturdays within the hours of 9:00 a.m. and 5:00 p.m. in order to adhere to the construction schedule.

Lines of Communication

If you have any questions or concerns, please contact the following:
