

## **TOWNSHIP OF WOOLWICH**

### **GRANTS POLICY**

DATE: October 6, 2015

SUPERCEDES: December 20, 2011

SUBJECT: Policy for Operating Grants, Capital Grants, Grants in Lieu, Grants in Kind, Travel Assistance Grants for Youth, Special Event Grants, Special Assistance Grants

#### **PURPOSE OF THE POLICY:**

The purpose of this policy is to ensure that funding allocations for Charitable or Non-Profit Community Groups are made according to established and common criteria. This policy establishes eligibility requirements, funding categories, eligible expenses, funding exclusions and the application process. This policy also establishes eligibility requirements and the application process for travel assistance grants for youth aged 18 years and younger.

#### **POLICY STATEMENT:**

The Council of the Township of Woolwich recognizes the contribution that charitable and non-profit organizations make to the quality of life enjoyed by Township residents. Council adopts this policy in order to support local charities and non-profit groups and to stimulate wider community involvement and support. Council is committed to working with community groups but, at the same time, is cognizant of budget constraints. Council encourages groups to work towards financial self-sufficiency and independence by encouraging community participation and through fundraising.

#### **POLICY DETAILS:**

##### **1. Legislative Authority:**

Council's legislative authority to provide grants is outlined in Section 107 of the Municipal Act:

Despite any provision of this or any other Act relating to the giving of grants or aid by a municipality, subject to section 106, a municipality may make grants, on such terms as to security and otherwise as the council considers appropriate, to any person, group or body, including a fund, within or outside the boundaries of the municipality for any purpose that council considers to be in the interests of the municipality.

The power to make a grant includes the power,

- to guarantee a loan and to make a grant by way of loan and to charge interest on the loan;
- to sell or lease land for nominal consideration or to make a grant of land;
- to provide for the use by any person of land owned or occupied by the municipality upon such terms as may be fixed by council;

- to provide for the use by any person of officers, employees or agents of the municipality upon such terms as may be fixed by council;
- to sell, lease or otherwise dispose of at a nominal price, or make a grant of, any personal property of the municipality or to provide for the use of the personal property on such terms as may be fixed by council;
- to make donations of foodstuffs and merchandise purchased by the municipality for that purpose.

## **2. Definition of Non-Profit Organization**

For the purpose of this policy, the definition of a non-profit organization is one that has been created for the purpose of carrying out, without pecuniary gain, objects of a patriotic, charitable, philanthropic, religious, professional or athletic character. Non-profit groups do not have to be incorporated to be eligible for a grant under this policy unless they are providers of an essential service. Non-profit organizations may include:

- a) Organizations that Council deems to be providers of “essential services” to Township residents. Includes organizations that carry out works of benefit to and support of Township residents. An essential service is one that is necessary for the health, safety or welfare of Township residents. An organization in this category must be incorporated or be a registered charity.
- b) Other Non-Profit Organizations that support arts and culture, health and wellness, that promote accessibility and inclusivity for persons with disabilities, neighbourhood groups, community associations.
- c) Non-Profit Youth Programs and Events that support youth aged 18 and younger.
- d) Non-Profit Civic and Economic Development Organizations that provide events or services promoting the Township and result in economic or public relation benefits to the Township.

*NOTE: Commercial businesses and for-profit groups are not eligible for grants under this policy.*

## **GENERAL PRINCIPLES FOR GRANTS**

### **3) Priority Consideration for Essential Services – All Grants**

- a) The approval body will give priority consideration to grant applications from local or Region-wide organizations or individuals that are deemed by the approval body to be a provider of a service, program, or event that is essential to the health, safety or welfare of residents of the Township of Woolwich.

#### **4) Township Significance and Need – All Grants**

- a) An organization or individual seeking assistance must ensure its significance to the Township is clearly explained in the application for assistance. An organization is significant to the Township if, in the opinion of the approval body, it meets an identifiable and quantifiable need in the Township.

#### **5) Other Considerations for Funding of Organizations – Operating and Capital Grants**

- a) The Township will not fund organizations that duplicate services provided by another agency, by the Township itself or by another area municipality;
- b) The Township will not provide grants to organizations whose services, in the opinion of Township Council, are better funded through purchase of service agreements.
- c) The Township will not provide grants to organizations that, in turn, give grants.
- d) The Township will not provide grants for the purpose(s) of funding or assisting with an organization's operating deficit.
- e) An organization must demonstrate its need for Township funding and must show that it has sought funding from other sources of revenue (e.g. fundraising, user fees depending on the ability of clients or participants to contribute financially to the program).
- f) Applications will only be received from organizations with an elected executive of volunteers and one of the following documents: Constitution; Mission Statement; Statement of Purpose. The elected executive must take responsibility for the receipt and disbursement of funds. Applications for Travel Assistance Grants, Special Events and Special Assistance Grants are exempt from this provision.
- g) Council will not, under normal circumstances, consider a grant to replace financial support that an organization previously received from another funding body.
- h) The acceptance of a grant from Council obligates the receiving organization to allow any citizen of the Township of Woolwich to participate in the funded activity.
- i) Council may make case-by-case decisions for disaster relief in other communities.

#### **6) Recognition of the Township's Contribution – All Grants**

- a) Any organization receiving a grant from the Township will recognize the Township's contribution in any promotional literature which may be prepared by the organization.

### **7) Use of Funds - Operating or Capital Grants**

- a) Any grant funding approved by the Township must be used for the purposes stated in the organization's application, unless prior approval to change the purpose of the grant is given by Council. Successful applicants may be required to submit a year-end accounting of all grant dollars received from the Township.

### **8) Commitment by the Township for Funding in Subsequent Years**

- a) The approval of a grant for an organization does not obligate Council to provide future funding to that organization.
- b) Council is not obligated to fund an organization because it has met all of the conditions for grant approval.
- c) Grants are made available within budgetary constraints in accordance with priorities determined by the Council of the Township of Woolwich.

### **9) Organizational Status of Applicants - Operating and Capital Grants**

To be considered for a grant from the Township of Woolwich, an organization must:

- a) Be a registered charity or a registered OR unregistered non-profit organization,
- b) Have a majority of its clients or members be residents of the Township of Woolwich.
- c) Rely significantly on the use of volunteer support.
- d) Be inclusive of residents with disabilities. The Township will not normally fund any program, event or service that is inaccessible to a person with a disability.
- e) Be in good financial standing with the Township of Woolwich.

### **10) Grant Increases – Operating Grants**

- a) An organization that Council has deemed to be an essential service provider may apply for a grant with a 4-year term coinciding with the term of Council.
- b) Providers of non-essential services must apply annually for a grant. Any request for an increased grant amount over the previous year must be clearly explained in the organization's application. No increase will be considered beyond a minor inflationary increase if there has been no change in any of the following areas: number of Township residents served, number of volunteer hours used, percentage of funding received from community donations, percentage of funding received from fundraising events, percentage of funding from other sources, new programs or services added.

- c) The grant application form will ask organizations for the information that is necessary for the decision-making process. Staff will provide Council with a recommendation on whether or not the non-essential service provider should receive an increase and, if so, how much. The Committee of the Whole will make the final decision on the request for an increased grant amount.

## **GRANT CATEGORIES**

### **11. Annual Operating Grants**

- a) The Township will not normally fund more than \$10,000 for any one organization. Organizations requesting more than this amount shall be explicit in their reasoning for requesting a larger grant.
- b) Council is the approval body for Operating Grants. Applications are approved as a component of the Township's annual budget approval process. The annual deadline for submission of a grant application is November 1.
- c) The annual operating grant must be used for the delivery of programs to a defined target audience and not for existing overhead, administrative expenses, fundraising activities, funding of previous year's deficits, debt charges or capital costs.
- d) Individuals are not eligible to apply in this category.

### **12. Capital Grants**

A capital grant is defined as a one-time grant to an organization for the purpose(s) of acquiring a physical asset for use by the organization to carry out its programs within the Township.

- f) The application for a capital grant must be accompanied by a complete capital budget showing the sources and uses of funds and an estimation of ongoing operating costs for the project (if any).

Funding information should distinguish between funds-in-hand, funds pledged but not received, and projected additional funding, and any conditions which could in any way affect the availability of those funds.
- h) Any anticipated future funding requests to the Township must accompany the capital grant request or Council may assume that there will be no grant applications in future years.
- i) Individuals are not eligible to apply in this category.

### **13. Special Event Grants and Special Assistance Grants**

The Township of Woolwich will award funding to eligible organizations or individuals for one-time special events or special assistance.

- c) The approval body will not consider grants for the purpose(s) of holding fundraising events.
- d) The Township will not provide grants to applicants that, in turn, give grants.
- e) An applicant must show that it has sought funding from other sources of revenue (e.g. funding, admission/user fees).
- f) Individuals and organizations with or without an elected executive and governing documents may apply.
- g) The acceptance of a grant obligates the recipient to allow any citizen of the Township of Woolwich to participate in the funded activity.
- h) Applicants may only apply for Special Event or Special Assistance funding once.
- i) The event, service, program or assistance must be inclusive of residents with disabilities.

### **14. Grants-in-Kind and Grants-In-Lieu**

A grant-in-kind/lieu is a grant issued to help offset the cost of a charge that would be levied by the Township. An example of a grant-in-lieu would be the Township waiving development charges. Where an agency requests the Township to provide services, or waive user charges rather than provide a monetary grant, the monetary equivalent of the grant must be calculated and included in the grant application. The calculation of the monetary equivalent must include all costs associated with the provision of the service, regardless of whether the Township would normally charge for the service.

The awarding of a grant-in-kind/lieu is subject to Council approval and any conditions imposed by Council such as proof of insurance, assurance of safety of Township employees and participants in the activity, and indemnification of the Township of Woolwich.

Individuals and organizations with or without an elected executive and government documents may apply by submitting a written request to the Municipal Clerk with details about what is being requested and why. Applicants will be required to attend a Committee of the Whole or Council meeting in support of the request.

### **15. Travel Assistance Grants for Youth 18 Years Old or Younger**

Youth or their parent/guardian may apply to the Township for a Travel Assistance Grant to assist with paying for expenses associated with travelling to minor sports championships, cultural activities (i.e. choir, dance), educational competitions and other similar events.
