The Township of Woolwich is hosting a Public Consultation Centre (PCC) to review and discuss a Municipal Class Environmental Assessment (EA) study for the Breslau East Connector Road. The study area is generally located south and east of the existing Breslau community, immediately south of the new Thomasfield Homes mixed use/residential development and the CN Rail corridor, and north of Menno Street.

Building on the recommendations from the approved 2017 Breslau Settlement Plan, this Municipal Class EA will investigate and evaluate alternative solutions for the transportation infrastructure that is required to provide connectivity between the existing and new areas of the Breslau community, as well as provide improved access to the proposed Breslau GO Transit station and the proposed employment land adjacent to Greenhouse Road.

The study is being undertaken in accordance with a “Schedule C” Municipal Class EA which requires public and stakeholder consultation, evaluation of alternatives, an assessment of the potential impacts of the proposed alternatives and identification of measures to mitigate any adverse impacts.

The PCC will be an open house drop-in format with staff from the Township of Woolwich and Associated Engineering available to provide information related to the project and address any questions or concerns that you may have. Display boards of the Municipal Class EA information, along with information packages and comment forms, will be available for your review.

Place: Empire Room, Breslau Community Centre, 100 Andover Drive, Breslau
Date: Thursday September 26, 2019
Time: 5:00 pm to 8:00 pm

If you have any questions or comments about this study, or would like to be contacted about future public events associated with this study, please contact:
