

TOWNSHIP OF WOOLWICH

Discover the charms of the Township of Woolwich, a growing community with a bright, well-managed and well-planned future in the Region of Waterloo. The quality of life in Woolwich is superior, and as an employee of the township, you'll play a key role in helping shape the next phase of our growth and development.

DIRECTOR OF INFRASTRUCTURE SERVICES

Reporting to the CAO, as a key member of the Senior Management team you will provide strategic planning and direction to the areas of engineering services (development and capital), infrastructure maintenance and operations, asset management, roads, bridges, water, sewer and municipal drains. You will recommend new or updates to policies and procedures, and negotiate agreements. Analytical and collaborative, you will oversee the management of both the engineering services and public works, and coordinate annual budget and business plan preparations.

Complementing your post-secondary education in Engineering or related disciplines you have a minimum of seven years of diversified work experience in engineering, including management/public administration responsibilities.

Your noted strengths in strategic planning, major engineering initiatives, corporate budgeting, and project management, is complemented by your thorough knowledge of provincial/federal legislation and your dynamic team, facilitation, and interpersonal skills. You are a solid report writer and effective at making presentations before Committee and Council. A professional designation in Engineering is preferred, but candidates possessing an accredited designation through OACETT will be considered.

Salary Range: \$95,698 - \$116,704
