**Ref: Peer Review, RWDI “Land Use Planning Noise Feasibility Assessment, 36-68 Union Street Hawk Ridge Homes Development, Elmira, Ontario” dated February 8, 2019  
Review of RWDI Letter to Hawk Ridge Homes Inc. dated May 8, 2020**

---

Dear Mr. Welwood,

As you requested we have reviewed the above referenced letter dated May 8, 2020 and the information attached thereto.

The results of our review indicate that the noise mitigation issues discussed in previous reviews and our meeting at your offices on March 10, 2020 have been adequately addressed. We note the noise mitigation features discussed at that meeting have been satisfactorily incorporated into the Plan of Subdivision and the design of the dwelling units.

Thank you for the opportunity to provide this information. We trust this is sufficient for the present purposes.

Yours truly,  
**Howe Gastmeier Chapnik Limited**

Bill Gastmeier, MAsc, PEng  
Principal
